Kaitlynn is a consultant for Fenix Financial Forensics LLC (F3). Kaitlynn recently graduated with a Bachelors of Science in Accountancy from Arizona State University.

Kaitlynn's education included courses in ethics specific to accounting, fraud and forensic accounting. In addition to her education, Kaitlynn has prior experience working with the Controller of a produce company. There, Kaitlynn worked on special projects for the owner and controller and she monitored clients' accounts for payments and account discrepancies. Kaitlynn currently works predominantly in the healthcare industry where her work includes assisting in the preparation of Medicare Cost Reports and data analysis related to the firm's Medicare Disproportionate Share Hospital (DSH) Services.

Examples include: Convoy of Hope, St. Mary's Food Bank, U.S. Vets, Streetlights, Teen Challenge and Feed my Starving Children.

### Professional Experience

- Assist in providing regulatory and compliance consulting for more than 15 hospitals and health systems in the State of Arizona. These services are designed to validate an organization's payor mix to ensure their related reimbursement payments are made in accordance with federal regulations. The results of the validation procedures ensure hospital compliance with current regulations and typically increase overall hospital Medicare reimbursement.

- Assist in the preparation of Medicare cost reports for many hospitals, home offices and hospice organizations. Preparation of the cost report requires an in-depth understanding of the cost report forms and the regulations associated with being reimbursed under the Medicare Program. The cost reports were prepared using hospital documents such as financial statements, general ledger reports and other key statistical information.
- Assisted on various litigation and consulting engagements by working on diverse tasks including: reviewing and indexing documents, performing research, quality control referencing, and analyzing data to create supporting exhibits for related expert reports.
